On the Cover

Introduced in 1994, 'Northern Hi-Lights' is a hybrid of *R. atlanticum* hybrid x unidentified Exbury seedling. It has the same parents as 'Golden Lights'. The flowers are creamy white with a bright yellow upper petal. It has a cold hardiness rating of -30° F. Plants grow relatively slowly to a height of four feet and a spread of four to five feet. The dark green foliage has some resistance to mildew.
